NOTICE OF DISTRICT PETITION TCEQ INTERNAL CONTROL NO. D-11112025-013

PETITION. WB Bastrop Land, LLC, a Texas limited liability company, (Petitioner) filed a petition for creation of Bastrop County Municipal Utility District No. 5 (District) with the Texas Commission on Environmental Quality (TCEQ). The petition was filed pursuant to Article XVI, §59 of the Constitution of the State of Texas; Chapters 49 and 54 of the Texas Water Code; 30 Texas Administrative Code Chapter 293; and the procedural rules of the TCEQ.

The petition states that: (1) the Petitioner holds title to a majority in value of the land to be included in the proposed District; (2) there are no lienholders on the property to be included in the proposed District; (3) the proposed District will contain approximately 289.249 acres located within Bastrop County, Texas; and (4) all of the land within the proposed District is within the extraterritorial jurisdiction of the City of Bastrop.

By Resolution No. 2025-80, resolved and adopted on May 27, 2025, the City of Bastrop, Texas, gave its consent to the creation of the proposed District, pursuant to Texas Water Code §54.016.

The territory to be included in the proposed District is depicted in the vicinity map designated as Exhibit "A", which is attached to this document.

The petition further states that the proposed District will: (1) purchase, design, construct, acquire, maintain, own, operate, repair, improve, and extend a waterworks and sanitary sewer system for residential and commercial purposes; (2) construct, acquire, improve, extend, maintain, and operate works, improvements, facilities, plants, equipment, and appliances helpful or necessary to provide more adequate drainage for the proposed District; (3) control, abate, and amend local storm waters or other harmful excesses of water; and (4) purchase, construct, acquire, maintain, own, operate, repair, improve, and extend such additional facilities, including roads, parks and recreation facilities, systems, plants, and enterprises as shall be consistent with all of the purposes for which the proposed District is created.

According to the petition, a preliminary investigation has been made to determine the cost of the project, and it is estimated by the Petitioners that the cost of said project will be approximately \$92,118,000. The financial analysis in the application was based on an estimated \$73,612,000 (\$53,002,000 for water, wastewater, and drainage plus \$16,160,000 for roads plus \$4,450,000 for recreation) at the time of submittal.

CONTESTED CASE HEARING. The TCEQ may grant a contested case hearing on this petition if a written hearing request is filed within 30 days after the newspaper publication of this notice.

You may also submit your proposed adjustments to the petition which would satisfy your concerns.
