TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF A PROPOSED NEW GENERAL PERMIT TXG640000 AUTHORIZING THE DISCHARGE OF WASTEWATER

The Texas Commission on Environmental Quality (TCEQ or commission) is proposing to issue a new Texas Pollutant Discharge Elimination System (TPDES) general permit number TXG640000 that would authorize the discharge of wastewater generated as a result of conventional water treatment at water treatment facilities into or adjacent to water in the state. General permits are authorized by Texas Water Code, §26.040.

DRAFT GENERAL PERMIT. The executive director has prepared a draft general permit that would authorize the discharge of wastewater generated as a result of conventional water treatment at water treatment facilities into or adjacent to water in the state. No significant degradation of high quality waters is expected and existing uses will be maintained and protected. The executive director proposes to require certain dischargers to submit a Notice of Intent to obtain authorization to discharge.

The executive director has reviewed this action for consistency with the goals and policies of the Texas Coastal Management Program (CMP) according to General Land Office regulations and has determined that the action is consistent with applicable CMP goals and policies.

A copy of the draft general permit and fact sheet are available for viewing and copying at the TCEQ Office of the Chief Clerk located at the TCEQ Austin office, at 12100 Park 35 Circle, Building F; at the TCEQ's 16 Regional Offices; and on the TCEQ website at <https://www.tceq.texas.gov/permitting/wastewater/general/index.html>. The purpose of a public meeting is to provide the opportunity to submit written or oral comment or to ask questions about the draft general permit. Generally, the TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the draft general permit or if requested by a state legislator. A public meeting is not a contested case hearing.

Written public comments must be received by the Office of the Chief Clerk, MC 105, TCEQ, PO Box 13087, Austin, TX 78711-3087 or electronically at <https://www.tceq.texas.gov/about/comments.html> within 30 days from the date this notice is published.

APPROVAL PROCESS. After the comment period, the executive director will consider all the public comments and prepare a written response. The response will be filed with the TCEQ Office of the Chief Clerk at least 10 days before the scheduled commission meeting when the commission will consider approval of the general permit. The commission will consider all public comments in making its decision and will either adopt the executive director's response or prepare its own response. The commission will issue its written response on the general permit at the same time the commission issues or denies the general permit. A copy of any issued general permit and response to comments will be made available to the public for inspection at the agency's Austin office. A notice of the commissioners' action on the draft general permit and a copy of its response to comments will be mailed to each person who submitted a comment.
