## ITEMS FOR ADDENDUM 1

### QUESTIONS FROM THE NOVEMBER 13, 2018 MANDATORY PRE-BID MEETING:

**Q: Does Bastrop County intend to supply the labor to feed the busted concrete into the crusher?**

**A:** That was the intention of the scope of work, however Bastrop County does not want to impede the rate of production that the crusher(s) can obtain with experienced personnel. Bastrop County would like to see a bid alternate for the contractor to supply the equipment and personnel to feed all concrete into the crusher(s). Bastrop County will contract with a vendor using the best method that results in the lowest cost production.

**Q: Will Bastrop County provide equipment at the site for moving of materials?**

**A:** Yes, Bastrop County will have multiple pieces of heavy equipment available on site for pre-staging of material and busting up over sized concrete slabs and slab fragments. Bastrop County will have equipment to load and haul-off the 1-1/2 inch +/- end product.
