## ITEMS FOR ADDENDUM #1:

**Q:** Can Bastrop County provide any information on its currently proposed project(s) so that these projects can be priced accordingly?

**A: Bastrop County has not decided on possible projects but would consider submitting some previously submitted drainage projects selected as alternate projects under previous HMGP program calls. Additional new applications are anticipated.**

---

**Q:** If the Bastrop County does not have any currently proposed projects, can the County provide any information on its mitigation priorities (e.g., drainage, generators, planning, etc.)?

**A: Projects would have a nexus to the declared event, so the potential projects for DR 4781 and DR 4798 could be expected to drainage related.**

---

**Q:** In the proposal evaluation criteria, the HUB/Affirmative Action (Proof of Current Status) has been given a maximum of 5 points. Would Bastrop County consider granting points if the Prime (i.e., non-HUB) has a HUB subconsultant (Proof of Current Status) on the team?

**A: Any proof of HUB/Affirmative Action participation from the firm or their subs, that are identified as a group that would be assisting with the application/administration process, will be awarded points on the final scoring criteria.**
