## ITEMS FOR ADDENDUM #1:

**Q: There are items on the bid that could be fulfilled with a variety of different products, that have a large price differential. How do I add a price for an item when several different manufacturers make that product?**

**A: Vendors are encouraged to list additional products in the box provided on the last page of the bid sheet. Should there be more items that can be offered than will fit into the space provided, Vendor shall use the attached document "Additional Bid Items". The attached document listing additional items shall be included in the sealed bid behind the bid sheet. If the submitting vendor has multiple manufacturers for the same item, then the vendor should list the lowest priced manufacturer on the "Bid Sheet" and list all other manufacturers for that item on the "Additional Bid Item(s)" sheet.**
