BASTROP COUNTY, TEXAS
Job Description

Job Title: Road & Bridge – Equipment Operator / Truck Driver I

Department: Road & Bridge Precinct 2 **FLSA Status:** Non-Exempt

Reports To: Road & Bridge Foreman

SUMMARY: Under the supervision of the Road & Bridge Foreman and Commissioner of applicable Precinct, this position performs tasks associated with road and bridge maintenance and construction, including the operation of construction and maintenance equipment. Duties also include a variety of maintenance activities including loading, hauling, and performance of skilled truck & equipment inspection, maintenance and repair tasks.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from foreman, Commissioner, or other supervisory staff as directed.

Exercises no supervision.

ESSENTIAL DUTIES AND RESPONSIBILITIES include the following:

1. Operate construction and maintenance equipment, such as Motor Graders, Dump Trucks, Dozers, Backhoes, Loaders, Water Trucks, Boom-axe, Tractors, Brush hogs, Front-End Loaders, Rollers, Patch Trucks and various other tools, equipment, & machinery used in road construction and maintenance operations.
2. Perform construction and maintenance tasks, such as repairing potholes, road shoulder and edge-work paving, trimming trees and brush, packing and watering roads, pouring concrete, removing and burying dead animals, cleaning and inspection of culverts, build and install road signs, fences, and barricades, various electrical and mechanical work, and a variety of other minor maintenance activities for the county Road & Bridge Department.
3. Pick up and deliver equipment to and from construction sites. Identify equipment needs for each assigned project. Weld, fabricate, and assemble parts and equipment for County automotive and heavy equipment.
4. Transport equipment & materials used in the performance of County business between sites, including:
 - a. Pre-trip inspections per DOT regulations;
 - b. Loading materials & equipment onto the truck;

- c. Ensuring that load is correctly placed and secured using ropes and chains as necessary, so as to avoid damage to the truck or materials;
 - d. Cover the load with tarpaulin as necessary;
 - e. Unloading materials & equipment from the truck.
5. Install street barricades and cones prior to the performance of street and road repair activities; direct and control traffic around work sites. Install driveway and cross culverts. Build or repair bridges, head walls, forms, and other drainage structures.
 6. Inspect equipment for proper functioning and safety. Perform preventive and/or minor maintenance on vehicles, equipment, and machinery, including changing and replenishing fluids as required. Includes brakes, tires, oil, and electrical systems.
 7. Inspect, diagnose, locate, and repair mechanical difficulties on County vehicles and equipment which will include a variety of gasoline and diesel powered maintenance and construction equipment. Assist in the purchase of maintenance parts and materials.
 8. Weld, braze, solder, and cut materials including steel, stainless steel, and aluminum using appropriate tools and equipment including cutting torches and welding machines.

OTHER FUNCTIONS: Performs other job related duties as directed by supervisor(s).

***NOTE:** The essential functions describe the general nature and level of work being performed by employees holding this position. This is not intended to be a comprehensive listing of all duties and responsibilities required, nor are all duties listed necessarily performed by any one employee so classified.*

MINIMUM QUALIFICATIONS: To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Knowledge of:

Operation of and maintenance requirements of power-driven equipment;
Road construction and maintenance techniques;
A variety of materials used in road and bridge construction and maintenance work;
